Here is information on the attractions we will visit, via driving tours (some guided, some self-guided)

Historic Jamestowne <http://www.nps.gov/jame/index.htm>

Historic Jamestowne is a place of many beginnings, many first. It was the beginning of England's successful colonization of America with the first Permanent English Colony. It was the first seat of English government in Virginia, the place where the first representative government met in 1619 and the first recorded arrival of Africans to English America.

See National Park Service links for more great information on these two sites.

Yorktown Battlefield <http://www.nps.gov/colo/index.htm>

Yorktown is the site of the final major battle of the American Revolutionary War. The Revolution secured independence for the United States and significantly changed the course of world history.

Colonial Parkway <http://www.nps.gov/colo/index.htm>

An integral part of Colonial National Historical Park this 24 mile scenic Colonial-style highway connects Jamestown, Colonial Williamsburg and Yorktown. Its panoramic vistas, gently winding curves, through patches of Pine and Evergreen forest, constantly leaves the visitor with an expectation as to what the next curve may bring forth.

Jamestowne Settlement Ships

The ***Susan Constant***, ***Godspeed*** and ***Discovery*** – re-creations of three ships that brought English colonists to Virginia in 1607 – are moored at Jamestown Settlement’s pier for visitors to explore. Visitors can learn about the four-and-a-half-month voyage from England and take part in periodic demonstrations of 17th-century piloting and navigation.

Try steering with a whipstaff or tiller, climb into a sailor’s bunk and explore the contents of a “see” chest.
